

Nora G. Ramirez (b. mid 1900s)

Ramirez is the Director of Professional Development at Arizona State University. She has published on equity issues for elementary mathematics students, and actively participates in Arizona State's Department of Education's standards development and translation. Ramirez has been president of TODOS: Mathematics for ALL, and served on the Board of Directors for the National Council of Teachers of Mathematics. She received the Iris

M. Carl Leadership and Equity Award (2014) from TODOS for her significant contributions to increasing the quality of mathematics education to underserved students, particularly Latinx students. Ramirez is also the recipient of the Arizona Association of Teachers of Mathematics Leadership Award (1999).

This poster is part of the EvenQuads project, which combines innovative mathematical card games with learning about amazing women mathematicians. The project celebrates the 50th anniversary of the Association for Women in Mathematics.
