How Partner Groups Can **Participate** in and **Benefit** from the BIOME Institute

Katrina Wells, Workshop Coordinator
Deborah Rook, Deputy Director

What we'll converse about today

01 What is BIOME?

02 Ways to Participate
- As a partner
- As a participant

03 How BIOME Assists your Project

What is the BIOME?

Sparking **IDEAS**: **I**nclusive, **D**iverse, **E**quitable, and **A**ccessible Communities in **S**TEM Classrooms
July 18 - 29, 2022

SPARKING IDEAS
BIOME Institute 2022

BioQUEST
CURRICULUM CONSORTIUM

Inclusive, Diverse, Equitable, and Accessible Communities in STEM Classrooms

Empower thinkers
_____

Build a sense of community and belonging
_____

Form functional groups and networks

Foster inclusion
_____

Leadership built on trust
_____

Reframe instructional practice

Ways to Participate - Partners

Run a workshop!	Bring a Poster or Work-in-Progress	Organize a Fall Working Group

Run a workshop!
- An interactive way to engage with participants!
- Themed
- 90 minutes
- Synchronous

Bring a Poster or Work-in-Progress
- **WIPs** - share early ideas and resources for feedback!
- Choose to share publicly or privately
- **Posters** - for finalized resources and invitations to collaborate!
- Present, record, and link!
- Asynchronous and synchronous

Organize a Fall Working Group
- An "extension" of BIOME collaborations
- Pilot new ideas
- Support the implementation of new resources
- Advance your project!

# Ways for the Broader Community to Participate

Engage fully in the Institute!	Bring a Work-in-Progress	Bring a Poster

Engage fully in the Institute!
- Interact with new people and ideas
- Choose a Fall Working Group to participate in, advance projects, and implement new resources into your classroom!

Bring a Work-in-Progress
- Share early ideas and resources for feedback!
- Choose to share publicly or privately
- Asynchronous and synchronous

Bring a Poster
- Share finalized resources and invitations to collaborate!
- Present, record, and link!
- Asynchronous and synchronous

How BIOME assists your project!

1. Share materials

2. Create community around your project

3. Bring in new ideas and perspectives

4. Link your project to our themes

How did BIOME help your project?

Projects who have done BIOME in the past!

Small group conversations

- **Quick Introductions**
  - Name
  - Organization
- **What is your project and what are the main goals?**
- **What aspects of the BIOME theme connects to your project?**
- **What would you be interested in doing at the BIOME?**
